Personal information

Surname(s) / First name(s)

Prof Dr De Raeve Paul

Address(es)

11A, Clos du Parnasse, 1050, Brussels, Belgium

Phone

+32 2 512 74 19 +32 477 97 07 28

E-mail(s)

efn@efn.be

Nationality(-ies)

Belgium

Date of birth

23 December 1963

Gender

Male

Current Post

Secretary General European Federation of Nurses Associations - EFN

Secretary General European Nursing Research Foundation – ENRF

Visiting Professor Johns Hopkins University Baltimore

Work experience

Dates

September 2015 onwards

Occupation or position held

Secretary General

Main activities and responsibilities

Lead the European Nursing Research Foundation (ENRF), mainly focussing on the available nursing evidence to support EU Policy design. Focus on EU research funds and programmes.

Name and address of employer

European Nursing Research Foundation

Type of business or sector

European Non-Governmental Organisation – Research Foundation

Dates

March 2002 onwards

Occupation or position held

Secretary General

Main activities and responsibilities

Lobby European Commission, European Parliament and Council of Heads of State on behalf of 3 million nurses, through 36 National Nurses Associations in membership of EFN

Name and address of employer

European Federation of Nurses Associations

Type of business or sector

European Non-Governmental Organisation – Professional Organisation

Dates	1992 – 2002
Occupation or position held	National Nursing Minimum Data Set Coordinator
Main activities and responsibilities	Outcome Measurements – Policy making – financing system
Name and address of employer	Ministry of Health – UZ Jette – Belgium
Type of business or sector	National Government and University

Dates	1990 – 1992
Occupation or position held	Senior Nurse and Quality Assurance Nurse
Main activities and responsibilities	Management Neonatal ICU and Quality Assurance
Name and address of employer	Al Hada Hospital, Taif, Saudi-Arabia
Type of business or sector	Health Care Sector

Dates	1984 – 1990
Occupation or position held	Nurse
Main activities and responsibilities	Client & Nursing Care
Name and address of employer	De Bijtjes, Vlezenbeek
Type of business or sector	Health Care Sector – Independent Living

Education and training

Dates	2006 – 2013
Title of qualification awarded	PhD
Doctoral Thesis Subject	Is the EU Accession a Policy-window Opportunity for the Nursing Leadership to Advance a Professional Agenda? A Comparative Case Study following an Ethnographic Approach.
Name and type of organisation	Kings College - UK
Classification	ISCED 7

Dates	1995 – 1996
Title of qualification awarded	Master in Quantitative Analysis in Social Science
Thesis subject	Analyses of Psychosocial and Administrative Activities of Public Health Nurses
Name and type of organisation	Catholic University of Brussels, Belgium
Classification	ISCED 6

Academic Reviewer	Health Europa editorial board member Reviewer Journal of Advanced Nursing
EU Appointed Expert	EU Evaluator for H2020 – EU Evaluator for AAL Expert link to European Commission: Ehealth Stakeholder Group DG Connect & DG Sante Health Policy Forum – DG Sante Taix Expert – DG European Neighbourhood Policy and Enlargement Negotiations
Partner EU Projects	<ul style="list-style-type: none"> • H2020 - SC1-DTH-08-2018 – Prototyping a European interoperable Electronic Health Record (EHR) <ul style="list-style-type: none"> ○ Smart4Health ○ InteropEHRate • Erasmus+ - KA2 - Cooperation for Innovation and the Exchange of Good Practices / KA203 - Strategic Partnerships for higher education <ul style="list-style-type: none"> ○ Quality Mentorship for Developing Competent Nursing Students
Coordinator EU Project	<p>ENS4Care – DG Connect – EU Thematic Network – EUR 500K – Development of evidence based ICT guidelines for the implementation of eHealth services in nursing and social care, building on existing good nursing and social work practices in eHealth services and, through evaluation and consensus building, create a set of guidelines on healthy lifestyle and prevention, empower and educate patients and the public in the prevention of chronic non-communicable diseases (NCDs). Other EU guidelines relate to clinical practice (COPD), integrated care, advanced roles and nurse ePrescribing.</p>
Partner Consortium Finished EU Project	<p>Smartcare – DG Connect Competitiveness Innovation Framework (CIP PSP 2012) – EUR 8 Million – aiming to join up the Information and Communications Technologies (ICT) and service processes for quality integrated care in Europe. SmartCare will enable the delivery of integrated care to older European citizens to support them to live independent lives within the community by providing the ICT tools necessary to integrated care pathways between social and health services. The regions engaged in SmartCare pilots are: Friuli-Venezia Giulia, Scotland, Aragon, and Southern Denmark, Tallin, South Karelia, Attica, North Brabant, Kraljevo and Uppsala.</p> <p>EU Joint Action on Quality and Safety – DG Sante – EUR 4 Million – Aims to strengthen cooperation between Member States, international organisations and EU stakeholders on issues related to quality of healthcare. One of the main objectives is the creation of a permanent network for Patient Safety in Europe that will reflect on principles of good quality healthcare, patient safety and patient involvement. In the long run, this voluntary exchange of experiences may lead to a peer review</p>

system for quality management systems in healthcare. This approach will build on the work of EUNetPaS.

[EUNetPaS](#) – co-financed by DG Sante and coordinated by the HAS (Haute Autorité de la Santé – France) – EUR 4 Million – Its main objective is: to produce an European added value of Member States collaboration by mutual support, transfer of knowledge, and good practice and exchange of ideas and materials for accelerating progress in Patient Safety; and set up a pan european network for patient safety, involving stakeholders and organised around national nodes or coordinators which will be the ultimate beneficiaries of the outputs of EUNetPaS.

[EU Joint Action Workforce for Health](#) – DG Sante – EUR 3 Million – Supports countries to move forward on the planning process of the health workforce and to prepare its future by creating a platform for collaboration and exchange between Member States. This will support Member States and Europe in their capacity to take effective and sustainable measures in workforce policies. The Joint Action supports Member States to develop and reinforce health workforce forecasting and planning capacity, share and benchmark practices, results, knowledge and expertise, support evidence-based decision making, meet current and future challenges in health care by taking into account demand and supply and aim at sustainability of health systems.

Continuous Professional Development – DG Sante – EUR 200K – Study concerning the review and mapping of continuous professional development and lifelong learning for health professionals in the EU – https://ec.europa.eu/health/sites/health/files/workforce/docs/cpd_mapping_report_en.pdf

[EU Joint Action Health Governance Initiative](#) – DG Sante – EUR 12 Million (3) – High level representatives of EU Member States and co-financed by the European Commission through two different instruments: Joint Action and Thematic Network DG Connect – 4 Million Euro – Aiming at establishing a governance structure for eHealth within Europe in order to ensure continuity of healthcare both at home and across borders. The eHGI is about making e-Health fit for practice and was presented as a political initiative aiming to support the political work of the e-Health governance structure of the EU Member States in developing strategies, priorities, recommendations and guidelines on how to develop e-Health in Europe.

[Chain of Trust](#) - DG Sante EU - Public Health Programme – EUR 1.5 Million – aiming to assess the perspectives of the main end users of telehealth services (patients, doctors, nurses and pharmacists across the EU). As a follow-up to this, several National Workshops took place in 6 European countries (Norway, Latvia, Netherlands, Poland, Portugal, and Greece) with the ultimate goal of validating the information collected through the online survey and to discuss the barriers for taking up e-Health.

[CALLIOPE](#) - DG Connect - Thematic Network – EUR 800K – Set up by six health administrations, 13 competence centres, and nine EU level professional organisations which represent healthcare professionals, patients, and payers. The CALLIOPE collaboration platform facilitates the sustainability of a trusted, open, equitable, informed and transparent dialogue; it synthesises perspectives, opinions, and views; and it produces proposals that represent a balanced view and which are accompanied by a clear statement of the level of consensus that the proposals achieve.
